## Software Engineer

---

I am a full-stack Web developer and a mobile app Developer with a strong interest in computer science. I spend the majority of my days, almost every day, experimenting with HTML, CSS, JavaScript, Python, and Node.js. I create user-friendly mobile apps and responsive websites that delight and inform. I am eager to put my skills. I have built a couple of projects for companies. This is the link to my GitHub account <https://github.com/desyscott> , for you to see couple of projects I have work on.
